

# Natural Clarifier

## Product Description

**SeaKlear Natural Clarifier** is ideal for preventing common cloudiness. It effectively clears away dirt and oil with a simple dose, and leaves your pool water clean, clear and sparkling.

This is the product that started it all. Our flagship clarifier is made from recycled crab shells, making it a reliable, environmentally friendly solution for cloudy water problems.

### Quick Facts:

- Strongest, proven effective and environmentally-friendly chitosan-based clarifier
- Strongest and best clarifier available
- Enhances filter's performance and longevity
- Removes high levels of organics and non-organics
- Positive ROI, reduces maintenance cost and time
- Made in the United States

## Directions for Use:

**Weekly care:** Add 1 oz. of SeaKlear Natural Clarifier for every 10,000 gallons of water.

**For cloudy water:** Add 2-4 oz. of SeaKlear Natural Clarifier for every 10,000 gallons of water.

Allow pool filter to run 6-8 hours after treatment!
