

CHLORINE 4-in-1 + SHOCK

U.S. & INTERNATIONAL: #511249 | CANADA: #511251

Introducing Yellow + Shock!

- An easy and accurate way to tell if you need to shock your pool.
- Yellow + Shock offers your customers the same simple and accurate yellow 4+1 test kit plus the ultimate algae preventative strip.
- What makes the AquaChek ShockChek unique from our other solutions is our no-hassle easy read strip, so shock treatment should never be in question.

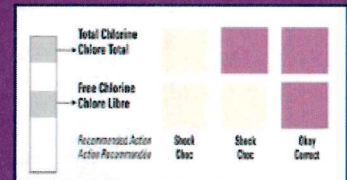

CHLORINE 4-in-1 + SHOCK

Maintaining balanced water and knowing when to shock your pool or spa is critical for keeping your water clean, clear, and algae free. The AquaChek Chlorine 4-in-1 + ShockChek test kit helps prevent time consuming and costly cloudy water and algae events - so Pool & Spa owners can spend more time enjoying their pool or spa and less time maintaining it.

Keep your pool clean and clear
PLUS protect against costly
algae events with AquaChek
CHLORINE 4-in-1 + SHOCKCHEK.
