

SCUMBUG™ & ULTRA MITT

SCUMBUG™

DEVOURS SCUM, SLIME & GRIME FROM POOLS & SPAS
Scumbug™ is insatiable! When placed in a clean pool or spa, it eliminates the formation of scumlines. Capable of absorbing up to 40 times its weight in body oils and lotions,

Scumbug™ provides 300% more surface area than competitive products and will not get clogged in water lines. When saturated, simply squeeze out, clean and reuse. Under normal conditions, Scumbug™ should last an average season.

ULTRA MITT

ELIMINATES SCUM,
SLIME & GRIME
FROM WALLS OF
POOLS & SPAS

Ultra Mitt is infallible! Featuring a lightly abrasive open-hand surface permanently bonded to a durable, waterproof latex glove, Bugmitt™ provides the user with the largest scrubbing surface possible to remove even the toughest scum, slime and grime deposits. Ultra Mitt is ideal for use on fiberglass, acrylic, vinyl and tile.
